Exploring Coding, Coverage, and Payment of Dental Diagnosis Code D4265: Periodontal Regeneration with Biologic Products

WEDNESDAY, SEPTEMBER 18 | 8:00 PM EDT

CE CREDIT HOURS: 1
Complimentary

LEARNING OBJECTIVES:

- Understand the coding framework of CDT Code D4265 for periodontal regeneration, including its definition and scope within dental billing and reimbursement systems.
- Explore the clinical indications and applications of biologic materials aimed at soft and osseous tissue regeneration in the context of periodontal therapy.
- Identify the coding nuances and documentation essentials necessary for accurate claim submission and reimbursement for procedures involving D4265.
- Analyze the financial implications and potential challenges associated with the utilization of biologic products for periodontal regeneration, considering both clinical efficacy and economic feasibility.

KYLE L. SUMMERFORD • NEW YORK, NY

With over 22 years of experience in the dental field, Kyle L. Summerford has honed a unique approach to case presentation and patient acceptance. As a seasoned dental office manager and financial dental consultant, he leverages his expert knowledge to assist both new and struggling dental practices. Through his education programs, Mr. Summerford empowers staff to significantly enhance overall case acceptance rates.

Driven by a passion for teaching and sharing knowledge within the dental community, Mr. Summerford has lectured at numerous Continuing Education events and prestigious academic institutions, including Stony Brook University, the New York City County Dental Society, and Georgia Regents University. His expertise is further recognized through his self-authored articles in his renowned dental coding column, "Dental Coding with Kyle."

Mr. Summerford is also the founder of the Dental Office Managers Community and [Dentalofficemanagers.com](https://www.dentalofficemanagers.com). These platforms serve as invaluable resources for dental professionals, fostering connections and facilitating the exchange of knowledge among peers. To contact Mr. Summerford regarding his dental coding services for dentists and their team, please contact him at [kylesummerford.com](https://www.kylesummerford.com).
